

HOLY FAMILY PARISH

SCHOOL BILLING

Family Name: _____

Please complete the following form and return it by, Thursday, August 27. Throughout the school year all families who have outstanding balances for tuition and book fees will receive a statement in the mail. **The school is a mission of the parish; as such, the parish depends on the money received from tuition to meet its monthly financial obligations. Regular payments for amounts due are expected and necessary.**

TUITION

All Students

Tuition for ALL students will be billed in full on your September 2020 statement. Families may choose to pay tuition in installments that work for their budget. Even though the full annual tuition is billed in September, it doesn't mean it all needs to be paid in one payment. Payments are however expected at regular intervals. Families will receive monthly statements; these statements will show current charges, payments made and the total balance due. **All Tuition** for the 2020-2021 school year **MUST** be paid in full by April 30, 2021.

Families who paid the \$100 deposit – your deposit will be applied to the oldest child's tuition and that amount will be reflected on your September statement. i.e. - Yearly in-parish tuition is \$2,000-\$100=\$1,900, this is the tuition amount that will be billed.

For financial planning purposes, please indicate below how your family plans to remit tuition payments.

_____ We will make **monthly** tuition payments (8 equal installments throughout the year. Payments due on the 15th of each month)

_____ We will pay tuition **every three months** (3 equal installments - made in September, December and March)

_____ We will make one **annual** payment

BOOK FEES

All students will be charged a book fee. Book fees will be billed on the September statement for each student. Book fees will be charged as explained in the Student Handbook (see below):

1. Consumable textbooks (also known as workbooks) are textbooks that will be discarded at the end of the school year. These books will be charged to the parents at cost. The charges will appear on your first billing statement.
2. Non-consumable textbooks (hard-cover textbooks) will have a small charge of \$5.00 per subject. These monies will be set aside and used when a textbook series must be replaced.
